**QUESTIONS TO ASK YOUR DOCTOR ABOUT SIGHT LOSS**

- **What is the name of my eye condition?**
- **What is my visual acuity (central vision)?**
- **What is my visual field (side vision)?**
- **Am I likely to lose more vision?**
- **Am I legally blind? Will you register me with the Massachusetts Commission for the Blind?**
- **Are there other tests?**
- **What about a second opinion?**
- **Are there any surgical options? What are they?**
- **Are there any optical or non-optical aids that can help me use my remaining vision to the fullest extent possible?**
- **Should I have a low vision evaluation?**
- **Are there any mobility aids that can help me move around more safely?**
- **Do any of your other patients have this condition?**
- **Would they be willing to talk with my family and me?**
- **Do you have any educational materials that describe this condition?**
- **Are there any organizations that provide services to individuals with this or related eye conditions?**
